Subject: Police department's partnering with Ring doorbell camera software

Hi Sgt. Frank,

I'm writing a story about the police department partnering with Ring doorbell camera software firm. I was at a neighborhood association meeting for the South District this summer when Capt. Brotherton talked about the software and how residents can choose whether or not they share video with the police.

It would be great to talk to someone from the police department about the partnership and how it's used to keep the community safe.

Is there someone available to meet and talk this week?

Thank you,

Subject: New resource for making video requests to residents and businesses.

For those who are not aware, we now have the ability to request video evidence from app users in very specific areas of Iowa City via the Neighbors by Ring app. It allows us to specify the area to which the requests will be sent, so we don't have to send general requests to the entire city or news area via press releases. Also, any video footage can be shared, not just that collected with Ring devices.

Our hope is that this will aid with investigations by cutting down on personnel hours required to check for cameras at residences via old-school canvassing. Of course, that still has its place in the most serious of incidents.

Please keep this resource in mind as you are handling calls for service and speaking with victims/witnesses. Check with your supervisor when you feel you may have a case that could benefit from it and contact Lt. Droll, Sgt. Blomgren, or me to make the request, as we are the initial users. Hopefully this will become a resource for more to be able to access in the future, which will streamline the process.

Below is one that was sent out today in reference to a call early this morning.

As technology advances, so must we.

Subject: Little Village questions: Ring doorbell video-sharing

Hi,

The doorbell-camera company Ring has posted a map showing the law enforcement agencies with which it has video-sharing partnerships, and ICPD is listed as one of two departments in Iowa. I'm writing a story on this, and I have the following questions:

1. Is the map accurate? Does ICPD have a partnership with Ring?
2. Can you explain how the partnership works? Does ICPD have established guidelines on when it requests video-footage? Does it have established guidelines regarding review of the footage? Regarding storage of the footage?
3. Has ICPD already access footage from doorbells?
4. How many doorbells does the ICPD currently have access to?
5. Why did ICPD want to sign up for this program?
6. Some departments that have joined the program (the Kansas City PD, for example) are encouraging homeowners to install video doorbells. Does ICPD have plans to do this?

My deadline will be at 3 p.m. this afternoon (Fri. Aug. 30, 2019). But because this is an online story, it can always be updated with your response if you can't make the deadline.

Thanks for your help with this,

Paul

Sergeant Frank,

I'm reaching out about an article that came out in the Washington Post yesterday. It was about local police partnering with Ring Doorbell to pull footage when investigating crimes.

I saw that Iowa City, Des Moines and Rochester, MN were on the list. I was hoping to talk with you or someone in the department today about the decision to make the partnership and if you have utilized the technology yet. It would also help to explain when you use this so folks don't get the wrong idea from the Post article.

Please let me know if we could do this today or tomorrow. My numbers are below.

Afternoon Derek,

Thanks again for your time this morning. I definitely appreciate it.

Now that Iowa City PD is on Portal, I'd highly recommend creating a Welcome Post on Portal. This will not only allow you to become familiar with the process, but also a great starting point for community engagement.

Attached is a great image you can use to attach to the post.

Please let me know if there's anything else I can do to help. I'll continue to check in to see how the platform is working and who is tasked with what.

Best,
Kyle

Hello Everyone,

Hope that you all had a great and safe holiday weekend. I have cancelled today's call after speaking with Bill Campbell.

With summer being busy with travels and vacations, it's always tough to get everyone in the same room at the same time.

I'd like to propose **Monday July 29th or Tuesday July 30th** (anytime after 10a CT) as the date of reschedule. Please let me know after you've had a chance to check internally to see if those dates would work. Once we have a date/time locked in, I'll send out the calendar invite to everyone.

Best,

Kyle

Hello Everyone,

Hope that you all had a great and safe holiday weekend. I have cancelled today's call after speaking with Bill Campbell.

With summer being busy with travels and vacations, it's always tough to get everyone in the same room at the same time.

I'd like to propose **Monday July 29th or Tuesday July 30th** (anytime after 10a CT) as the date of reschedule. Please let me know after you've had a chance to check internally to see if those dates would work. Once we have a date/time locked in, I'll send out the calendar invite to everyone.

Best,
Kyle

Hello Everyone,

Hope that you all had a great and safe holiday weekend. I have cancelled today's call after speaking with Bill Campbell.

With summer being busy with travels and vacations, it's always tough to get everyone in the same room at the same time.

I'd like to propose **Monday July 29th** or **Tuesday July 30th** (anytime after 10a CT) as the date of reschedule. Please let me know after you've had a chance to check internally to see if those dates would work. Once we have a date/time locked in, I'll send out the calendar invite to everyone.

Best,
Kyle

The goal of this call is to discuss the training and deployment process of the Ring Neighbors Portal. From there, we will schedule the Remote Webinar a few weeks after.

Sgt. Frank,

I'm a reporter at NBC News, reaching out at the suggestion of Officer Schwindt. He and I spoke a few weeks ago about his work on the Data Driven Justice Initiative, which I'm interested in because it runs on Amazon Web Services. Officer Schwindt mentioned that Iowa City may also be involved with Ring/Neighbors app. Do you have a few minutes to chat by phone about how that program works for you?

Thank you,

Jon

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 21 day of June, 2019 by and between Ring LLC ("Ring") and Iowa City Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Iowa City ("City") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to City residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential. If the Agency receives a request under the Iowa Open Records Act for a document that Ring has labelled confidential Agency will provide Ring with 7 days notice prior to releasing the document to enable Ring to seek an injunction from the Court to enjoin the release of the document

Chief Matherly,

I hope you're having an excellent week. I apologize for the length of time since my last email, but I wanted to circle back and see if Iowa City PD was still interested in partnering with Ring.

We made some changes within the department but I will still be your POC if the opportunity is still there. I have a PDF of Neighbors Portal features along with case studies, referrals and examples of Press Release from other agencies to help expedite the process. Your patience and support throughout this process are greatly appreciated, as I look forward to hearing from you soon.

Hi Derek,

5.2.1

Thanks for taking the time for our meeting this afternoon. After speaking with you, it sounds like the Atlas One system we discussed would be useful for ICPD.

I've attached a brochure for you to reference. Please let us know if you have any questions and I look forward to hearing your feedback in the coming weeks.

Best,

Patrick

Good Afternoon, I am currently in Wisconsin Dells, WI. We're experiencing a heavy snow event, roughly 12 inches. My scheduled flight to Omaha has been canceled and I am unable to leave. Subsequent to Omaha, I was going to head to Sioux Falls and Iowa City but the weather has impacted all travel. I want to honor my commitment to your time, so if it works for you, can we please do a webinar during the time we were supposed to meet? Everything will be the same as I will show active camera map and live portal.

Again, I sincerely apologize for the inconvenience.

That time wasn't working out well for my captain either. I'll be heading out on vacation next

Hey Phil,

I want to introduce you to Chief Jody Matherly from Iowa City. Chief Matherly is also the SACOP Representative to IACP for Iowa and has some great contacts. He's interested in learning about our LE Portal and the Neighbors app.

Jody,

Phil is a great guy. We've travelled together quite a bit and even though he's not a cop, he really understands law enforcement. He's worked with dozens of agencies around the country. He'll take care of you! See you at Christmas!

Brad
